Our Voice Our Country, a new, non-partisan national website will present an interactive workshop and exhibit at The National Civic Summit, July 15-17th in Minneapolis.

<http://ourvoiceourcountry.org> makes it possible for every citizen in America to help identify just what our greatest problems are, how best to solve them, and brings authentic decisions from The People direct to our representatives in Washington for action.

At the National Civic Summit, ***Our Voice Our Country***'s workshop will engage participants to identify problems (referred to on the site as Topics) and solutions (referred to on the site as ProblemSolvers) which are urgent now. Results will be posted on the website for ratings by the public.

This content will join a growing pool of over 120 Topics recently posted at the site during it's current \$1,000 Summer Scholarship Competition for incoming freshman students, being conducted across the country. View posted Topics at:

<http://www.ourvoiceourcountry.org/participate/recommend-topic-rate.aspx>

Soon, ***Our Voice Our Country*** will begin it's full process of presenting a monthly Topic and three differing ProblemSolver Solutions for consideration by the voting public. Their decision becomes a People's Resolution, hand delivered to the key leaders in Washington with the clout to take action, following The People's will.

Our Voice Our Country will become the most effective method for Congress to receive authentic American decisions that convey what The People truly want.

For more information, please see the About page and other areas at the website www.ourvoiceourcountry.org

The innovative and accessible Our Voice Our Country concept has been developed with input and support from Walter Cronkite, Ruby Dee, Joanne Woodward, Yolanda King (Martin Luther King Jr.'s daughter), Jane Alexander; by leaders of national non-profits focused on good governance; by judges, students, seniors, soldiers, professors, business leaders and by dozens of blue and white collar workers from every demographic and political party across America.
